C·H·O·R·D·S

Does your Human Resource Planning system strike all the right ones?

The finest HRP systems are those in tune with a company's current and emerging human resource needs.

If there is any discord in your organization's HRP process, plan to attend the human resource planning seminar directed by Dr. Tom E. Lawson. This unique 1½ day program helps you identify the strengths and weaknesses of your system. It reviews advanced strategies for composing and conducting a more sophisticated human resource plan. The seminar also shows how to monitor and adapt a plan, so that it is always in harmony with the direction of the business.

If you have responsibility for the HRP effort in your company, this seminar is for you. In concert with other HRP professionals who have similar concerns, you will gain a better understanding of your part in the HRP process and the responsibilities that go with it.

The registration fee is $795. Attendance is limited, reservations will be accepted in the order received.

If this ad strikes a familiar chord, call the Seminar Coordinator at (612) 933-9900 for additional information, the registration brochure and forms.
